Photography Principles

- **Natural Light**
Prefer soft, diffused natural light. Avoid harsh flashes or artificial studio lighting.
- **Authentic Moments**
Capture genuine expressions and movement. Avoid overly posed or stiff compositions.
- **Clean Backgrounds**
Use minimal, uncluttered backgrounds. Solid colors, soft textures, or architectural lines work best.
- **Color Harmony**
Images should complement our blue palette. Cool tones, soft whites, and muted earth tones are preferred.

All imagery must respect and celebrate modest fashion principles. No exceptions.
